The Bodycool Xtreme is developed to fit tight around your body and give the ultimate cooling effect. Using this extreme cooling vest is a fast and easy way to beat the heat and stay fresh and cool at work, during sports and at leisure. The INUTEQ-PVA® evaporative cooling technology is a highly absorbent Polyvinyl Alcohol Fabric.

Activation is easy. Soak the product in clean water for one minute and gently squeeze out any excess water. Your Bodycool Xtreme is now ready for use.

- Will cool you down for several hours
- Machine washable

These products perform best in low to medium humidity environments where airflow can reach the body. The level of airflow determines the cooling effect.
