The cooling effect generated by these products and technologies, is not chemically treated but comes from the special technology within the INUTEQ-QCK® cooling fabric.

The INUTEQ-QCK® fabric is extremely strong, soft and flexible as well as lightweight.

INUTEQ-QCK® products are ideal for sports, camping, exercising, leisure or any outdoor activity where you need some comfortable cooling.

Activation is easy:

Soak the towel in clean water for one minute, gently squeeze out any excess water and snap 2 times to activate. Your towel is now ready for use, and will keep you comfortably cool for up to 3 hours. Simply 'WET IT' – 'WRING IT' and 'SNAP IT' – ready to use!
